Device Credentials

You registered your device to the organization. Add these credentials to the device to connect it to the platform. After the device is connected, you can navigate to view connection and event details.

Organization ID	slcxfz
Device Type	NodeMCU
Device ID	12345
Authentication Method	use-token-auth
Authentication Token	NaveenPM

⚠ Authentication tokens are non-recoverable. If you misplace this token, you will need to re-register the device to generate a new authentication token.
