

IBM Cloud Services

Project Name: Smart Farmer- IoT Enabled Smart Farming Application Team

ID: PNT2022TMID05165

Date: 03 November 2022

The screenshot displays the IBM Cloud Dashboard in a dark-themed web browser. The browser's address bar shows the URL <https://cloud.ibm.com>. The dashboard header includes the IBM Cloud logo, a search bar, and navigation links for 'Catalog', 'Manage', and 'Naveen Mani's Account'. The main content area is titled 'Dashboard' and features a 'For you' section with six cards: 'Build', 'Monitor your resources', 'Discover the Watson Internet of Things (IoT) Platform', 'Set up your IBM Cloud account', 'Get started with machine learning + Watson Studio', and 'Build a web app with Watson Speech to Text'. Each card includes a brief description and a 'Getting started' button with a time estimate. Below this, there are four sections: 'News', 'Recent support cases', 'Planned maintenance', and 'IBM Cloud status'. The 'News' section lists three articles. The 'Recent support cases' and 'Planned maintenance' sections have 'View all' links. The 'IBM Cloud status' section shows a world map with a 'View all' link. The bottom of the dashboard features a Windows taskbar with various application icons and a system tray showing the language as 'ENG IN', the date as '03-11-2022', and the time as '15:18'.
